

PARTNERSHIP AGREEMENT (SEMI-BALANCED)

This Partnership Agreement is made between Acme Global Solutions Inc. ("Client") and Regulaite AI Technologies LLC ("Vendor"). This document is moderately balanced but contains minor asymmetries that require scrutiny:

1. Confidentiality and Retention

Section 2.1 (Data Cleanse): All confidential information must be destroyed within thirty (30) days of termination. No backup retention exceptions are stated.

2. Payment Terms

Section 3.1 (Payments): Client shall pay invoices in Net 30. However, Schedule B designates Premium Tier consulting payments as Net 20.

3. Intellectual Property Rights

Section 6.3 (IP Exclusivity): Client shall own all custom deliverables. Vendor retains Background IP, but grants Client an exclusive, irrevocable license to Vendor's background software within North America.

4. Termination notice asymmetry

Section 9.1 (Notice Periods): Client may terminate this Agreement upon fifteen (15) days' written notice, whereas Vendor may terminate only upon forty-five (45) days' notice.

5. Partially Asymmetric Liability Cap

Section 10.4 (Liability Cap): Client's aggregate liability under this Agreement is capped at three (3) months' fees, while Vendor's aggregate liability is capped at six (6) months' fees.

6. Governing Law & Dispute Resolution

Section 14.1 (Governing Law): Governed by California law. Any disputes shall be arbitrated in San Francisco under JAMS rules.
